SECTION-A

INTRODUCTION TO ENVIRONMENTAL STUDIES:

The multidisciplinary nature of environmental studies. Definition, scope and importance
Concept of Biosphere – Lithosphere, Hydrosphere, Atmosphere.

ECOSYSTEM & BIODIVERSITY CONSERVATION

Ecosystem and its components, Types of Ecosystems

Biodiversity - Definition and Value, Threats to biodiversity and its conservation

Level of biological diversity: genetic, species and ecosystem diversity; bio-geographic zones of India; biodiversity patterns and global biodiversity hot spots.

India as Mega-biodiversity nation; Endangered and endemic species of India.

Ecosystem and biodiversity services: Ecological, economic, social, ethical, aesthetic and informational value.

NATURAL RESOURCES–RENEWABLE AND NON RENEWABLE RESOURCES

Land resources and land use change; land degradation, soil erosion and desertification.

Deforestation: causes and impacts due to mining, dam building on environment, Forests, Biodiversity and tribal populations.

Water: Use and over-exploitation of surface and ground water, Floods, droughts, conflicts over water (international & inter-state)

Energy resources: renewable and nonrenewable energy sources, use of alternate energy sources, growing energy needs, case studies.

Environmental Pollution

Environmental Pollution : types, causes, effects and controls; Air, Water, Soil and noise pollution. Nuclear hazards and human health risks Solid waste management, Source Segregations : Control measures of urban and Industrial waste. Pollution case studies.

SECTION-B

ENVIRONMENTAL PROTECTION LAWS IN INDIA

Environmental protection act for; Air (Prevention and control of pollution), Water (Prevention and Control of pollution), Wild life, Forest Conservation, Issues involved in the enforcement of environmental legislation. Role of an individual in prevention of pollution.

Environmental policies & Practices; Climate change, global warming, ozone layer depletion, acid rain and impacts on human communities and agriculture.

Human Communities and the Environment

Human population growth: Impacts on environment, human health and welfare, Sanitation & Hygiene. Resettlement and rehabilitation of project affected persons; case studies. Disaster management: floods, earthquake, cyclones and landslides. Environment movements: Chipko, Silent valley, Bishnois of Rajasthan. Environmental ethics: Role of Indian and other religions and cultures in environmental conservation for a Clean-green pollution free state.

Environmental communication and public awareness, case studies (e.g., CNG vehicles in Delhi)

Har Ghar Har Aangn Yog Training Camp

Date: 18 June, 2023 to 21 June, 2023

Venue: Open Air Theatre, Government College, Ropar

In line with the directions of the Ministry of AYUSH, Government of India, and under the orders of the Director, Higher Education Department, Punjab, a three-day yoga training camp was organized at Government College, Ropar. The camp was conducted from 18th to 21st June, coinciding with the International Day of Yoga, with the theme "Har Ghar Har Angan Yog" under the able leadership of Principal Jatinder Singh Gill.

The camp witnessed enthusiastic participation from 70 students representing various organizations, including NSS, NCC, Red Ribbon Club, Red Cross Society, and Mission Tandrust Punjab. The Department of Ayurveda and Unani, Rupnagar, played a crucial role in conducting the camp, with the guidance of esteemed instructors, namely Dr. Virender Mohan Pahal, Dr. Simrat Tuli, Dr. Jagjeet Kaur, Dr. Karuna Puri, and Assistant Medical Officer Dr. Ukarshwar. They imparted training on various yoga asanas, ensuring the participants received comprehensive knowledge and practical experience.

The yoga camp focused on training the students in different yoga postures, promoting physical fitness, mental well-being, and overall health. The engagement of Professor Harjeet Singh, Head of the Physical Education Department, Dr. Nirmal Singh Brar, Program Officer of the Community Service Scheme, Dr. Dalvinder Singh, Prof. Arvinder Kaur, Prof. Shaminder Kaur, Dr. Jatinder Kumar, and Red Ribbon Club Coordinator Dr. Anu Sharma further enriched the camp's activities.

The theme "Har Ghar Har Aangn Yog" underscored the significance of incorporating yoga into every household and courtyard, encouraging a healthier and more balanced lifestyle for all. The camp proved to be a valuable platform for fostering a deeper understanding of yoga and its numerous benefits among the participants.

With the combined efforts of the college staff, instructors, and the enthusiastic participation of students, the yoga training camp at Government College, Ropar, was a resounding success. It contributed to promoting the age-old practice of yoga and its relevance in modern-day life, encouraging everyone to embrace its positive impact on physical and mental well-being.

Green and Energy Audit at Government College Ropar

Date: 7 June, 2023

Under the guidance of Principal Jatinder Gill and Dr. Harjas Kaur, Coordinator of IQAC, a green audit was conducted at Government College Ropar. The audit was a mandatory activity for NAAC accreditation and was in accordance with the instructions of UGC. The objective of the green audit was to ensure the sustainable use of energy and conservation of the environment within the college campus, including the hostel and playground areas.

The audit was conducted by a team of experts, including Dr. Sarbjeet, Chairman of Guljar Group of Institutes, Khanna, Mohit Jambo, Bharat Bhushan, and Gurwinder Singh. They were responsible for evaluating various aspects related to the green practices and initiatives of the college.

During the audit, the team visited the college campus, hostel, and playground areas to assess the implementation of green practices.

The inspection team observed several positive aspects related to the college's green initiatives. They checked CFL bulbs, ventilation, and the presence of greenery on the campus. The team appreciated the college for its efforts in these areas and provided valuable suggestions to further enhance sustainability measures.

The Principal extended his gratitude to the audit team for their thorough evaluation and valuable insights.

The report was effectively compiled with the contribution of Prof. Arvinder Kaur, who presented the documents and data related to the college's green initiatives. Specific areas of the report were handled by Shikha Chaudhary and Pooja Verma for the plants'

.Based on the green audit, Government College Ropar has made commendable progress in promoting sustainable practices. To further improve their environmental impact, the college can consider implementing the valuable suggestions provided by the audit team. Continuing efforts towards energy conservation, renewable energy adoption, waste management, and promoting greenery will contribute to the college's overall sustainability goals.

"World Environment Day" Celebration

Date: June 5, 2023

On June 5, 2023, Government College Ropar celebrated World Environment Day with great enthusiasm and dedication. The event was organized under the guidance of the University Grants Commission (UGC) and the Director of Higher Education, Punjab. The theme for this year's celebration was "Beat the Plastic."

The college witnessed active participation from various departments, including Botany, Geography, and the National Service Scheme (NSS). The collaborative efforts of these departments contributed to the success of the event.

One of the significant highlights of the celebration was the installation of the "Giki App," which was made possible due to the knowledge provided by Professor Arvinder Kaur. The app allowed the college staff to measure their carbon footprints and gain insights into ways to reduce their environmental impact.

Principal Jatinder Singh Gill played a vital role in the celebration by delivering insightful lectures on environment conservation, vermicomposting, and waste management. His lectures not only raised awareness but also motivated the staff to take tangible steps towards a greener and cleaner environment.

In addition to informative lectures, various activities were organized during the celebration. The college staff and students actively participated in plantation drives, where they planted trees and herbal plants on the campus. This green initiative aimed to enhance the college's natural surroundings and contribute to environmental sustainability.

The participation of Vice Principal Dr. Harjas Kaur, Professor Arvinder Kaur, Dr. Dalvinder Singh, Dr. Nirmal Brar, Prof. Shaminder Kaur, and Professor Pooja Verma, along with both teaching and non-teaching staff members, added a collaborative and inclusive spirit to the event. Their presence and involvement demonstrated the college's commitment to environmental conservation and sustainable practices.

Overall, the World Environment Day celebration at Government College Ropar was a resounding success. The collective efforts of the different departments, the valuable knowledge shared by Professor Arvinder Kaur, and the inspirational lectures by Principal Jatinder Singh Gill made the event impactful and memorable. The plantation drives and awareness programs further highlighted the college's dedication to promoting a cleaner and greener environment. The active participation of the college staff showcased their commitment to contributing positively to environmental protection and creating a better world for future generations.

"JAL SHAKTI" ABHIYAN

Date: 11 May, 2023

Government College Ropar

The "Save Water" campaign was organized by the Geography Department of Government College Ropar with the initiative of Principal Jatinder Gill. The campaign aimed to raise awareness about the importance of water conservation among students and the local community. Professor Shaminder Kaur, Dimple Dhir and Randeep Singh played crucial roles in planning and executing the event.

The campaign took place on 13 May, 2023 at the college premises. Various activities were organized to engage students and encourage their participation in spreading the message of water conservation.

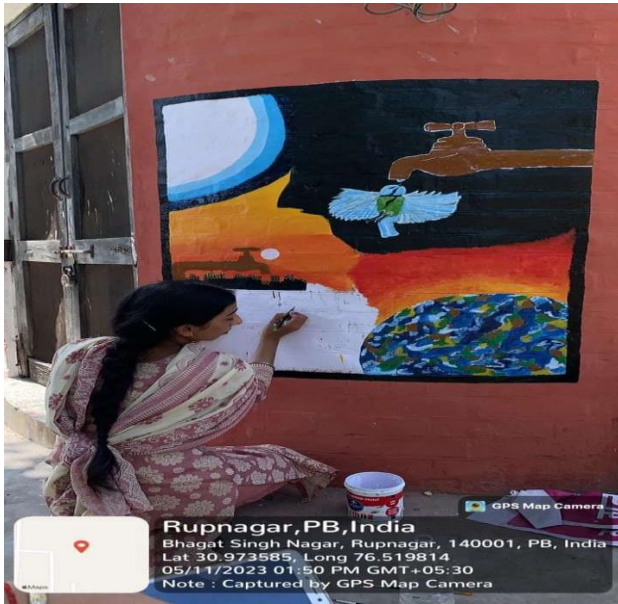

The event commenced with a slogan writing competition. Students enthusiastically participated, showcasing their creativity and concern for water conservation. The slogans emphasized the need to value water as a precious resource and urged everyone to take responsible actions to save water for future generations.

Following the slogan writing competition, the poster making competition took place. The students' artwork skillfully depicted the significance of water conservation and its impact on the environment. The posters vividly conveyed the message of water preservation through compelling visuals and insightful captions.

As a unique and interactive way to involve the college community, a wall painting activity was conducted. Talented students, under the guidance of Professor Dimple Dhir, adorned a designated wall with vibrant paintings depicting the urgency of water conservation and practical measures to implement in daily life.

The efforts put in by the students were commendable, making it challenging for the judges to choose the winners. However, the best entries in each category were selected based on creativity, relevance to the theme, and clarity of the message. The winners were felicitated during a closing ceremony by Principal Jatinder Gill.

The "Save Water" campaign at Government College Ropar proved to be a successful and impactful initiative in promoting water conservation. The collective efforts of Principal Jatinder Gill, the organizing department, and all the participants contributed to raising awareness about the pressing need to protect our water resources. By instilling a sense of responsibility and consciousness among the students and the community, this campaign will undoubtedly have a lasting positive effect on water conservation efforts in the region.

An exhibition and sale counter of the best out of waste items created under the Green Initiative

Date : 10th May 2023.

Students from the Department of Home Science at Government College Ropar and the Department under the State Open University of Jagat Guru Nanak Dev University (JGNDU) showcased their creativity in fashion designing by utilizing waste paper from various departments of the college. They created different types of items, such as bags and cloth wraps, which were displayed at the college's exhibition and sale counter. The exhibition was inaugurated by the college principal, Jatinder Singh. The handcrafted creations and the efficient use of old materials received appreciation from everyone present at the event. Moreover, the students actively made purchases of the displayed items to support the cause.

The head of the department, Arvinder Kaur, emphasized that this hard work by the students reflects their dedication and has become a significant necessity for the present society. The initiative not only benefits them at home but also creates opportunities for self-employment.

Regarding this matter, Kanveenar Dr. Jatinder Kumar from the Study Center of Jagat Guru Nanak Dev University State Open University mentioned that the course of fashion designing is highly popular among the students. It not only benefits them at home but also opens up opportunities for them to be self-sufficient. The new session saw enthusiastic students interested in enrolling in this course.

During the event, B.A. Part-II students from the Home Science Department showcased their tied and dyed handkerchiefs, which became the center of attraction for visitors.

Dr. Harjas Kaur, Dr. Dalvinder Singh, and Dr. Sukhjinder Kaur from the College Council were present at this special occasion. Additionally, staff members Neelam Rani and Veer Pal made significant contributions to the success of the exhibition.

Seven-Day Workshop on Skill Development and Counseling - "Hunar Sudhar Aur Vidhyarthi Vikas"

Sponsored by Punjab Government

Date: 9 March, 2023 - 16 March, 2023

The seven-day leadership and counseling workshop, titled "Hunar Sudhar Aur Vidhyarthi Vikas," was successfully held at Government College, Ropar, from 9th March to 16th March 2023. The event aimed to provide students with skill development and personal growth opportunities.

The event was organized under the guidance of Principal Jatinder Singh Gill and coordinated by Professor Arvinder Kaur from the Placement Cell. Dr. Nirmal Singh Brar and Dr. Jatinder Kumar managed one of the sessions.

Throughout the workshop, participants were engaged in various activities and lectures conducted by distinguished speakers.

On the first day, Ms. Supreet Kaur delivered a lecture on resume building and interview skills, followed by Professor J. S. Chaddha's talk on job opportunities after graduation in science and higher education options.

The second day included visits to industries and NIELIT (National Institute of Electronics & Information Technology), giving students firsthand exposure to real-world scenarios.

On the third day, a seminar on competitive exams like PO (Probationary Officer) and CSAT (Civil Services Aptitude Test) was organized, along with a session on journalism and communication skills.

Day four featured a seminar titled "Journey on Success Highway (JOSH)" by Ms. Soni Goyal from IIM Ahmedabad.

The fifth day saw B.Sc students visiting IISER (Indian Institute of Science Education and Research) in Mohali, while B.Com and BCA students visited a SBI bank.

Dr. Sant Surinder Pal Singh delivered a lecture on opportunities in defense after graduation.

During the event, Mr. Tejpal Singh, former Chief Engineer of Panchayati Raj, Punjab, shared valuable advice and commended the efforts of the teachers, considering them as a mantra for success in life. He encouraged students to seek guidance from experienced mentors and emphasized learning from failures rather than losing hope.

Environmental awareness activities were actively participated in by the students, who also shared their experiences during the workshop.

The penultimate day included a lecture on the success mantra of public speaking and a review session by the students, setting the stage for the workshop's closing.

Vice Principal Dr. Harjas Kaur, Prof. Harjit Singh, Prof. Meena Kumari, and College Barsar Dr. Dalvinder Singh were among the dignitaries present, along with other staff members.

In summary, the seven-day workshop on "Hunar Sudhar Aur Vidhyarthi Vikas" provided students with valuable skill development opportunities and conveyed a message of personal growth and talent honing. The active participation of students and support from experienced mentors made the event a great success. The students were inspired to overcome failures and work consistently towards achieving their goals, leading to an environment of enthusiasm and motivation throughout the workshop.

Industrial Visit to Ambuja Cement Manufacturing Unit, Nalagarh

Date: 10th March 2023

Under the guidance of Principal Jatinder Gill and the supervision of Shikha Chaudhary and Pooja Verma, a group of 30 students from Government College, Ropar visited the Ambuja Cement Manufacturing Unit in Nalagarh. The main purpose of this visit was to familiarize the students with the standards and quality checks governed by the Bureau of Indian Standards (BIS).

The students were accompanied by three officials from the Ambuja Cement factory and a Promotion Officer from BIS during the entire visit. Upon arrival, the students were provided with protective kits, including masks, helmets, and shoes, before being briefed about the functioning of the cement unit. During the industrial visit, the students were taken to different sections of the unit where they witnessed the processing of raw materials into cement.

A quality check officer explained the various criteria followed by the Ambuja Cement unit to assess the quality of the final product. The officer also explained X-ray diffraction studies, a technique used for material analysis. Additionally, the students were informed about the strength testing of bricks after 3, 7, and 28 days, which is crucial for assessing the durability and performance of the cement.

The students were taken to the control room unit, where they learned how the entire cement manufacturing process is managed through computer-based applications. The control room works in collaboration with the chemical lab to ensure the correct ratio of raw materials, thereby maintaining the quality of the cement produced.

After the informative sessions, the students were provided with lunch by Ambuja Cement and refreshments by BIS. With their energy restored, the students were taken back to the college, having gained valuable insights during the visit.

On behalf of the Standard's Club, we extend our gratitude to Principal Jatinder Gill and Vice Principal Dr. Harjas Kaur for their motivation and encouragement in conducting such educational visits. We also express our thanks to BIS for their financial support and facilitation of the visit, and to Ambuja Cement Manufacturing Unit, Nalagarh, for generously dedicating their valuable time to educate and inspire the students.

Ahimsa Day Celebrations at Government College Ropar

Date: October 2, 2022

Under the direction of Higher Education DPI, Punjab, the World Ahimsa Day was celebrated at Government College Ropar on October 2, 2022. The event aimed to promote the principles of non-violence and peace, inspired by Mahatma Gandhi's philosophy of Ahimsa. The event was conducted under the able guidance of Principal Jatinder Gill and was well-organized with various engaging activities and discussions centered around the theme of non-violence.

Several departments and clubs actively participated in the event, including NCC, NSS, Red Ribbon Club, and Legal Literacy Cell of Government College Ropar. Their collective efforts ensured the successful organization of the celebrations.

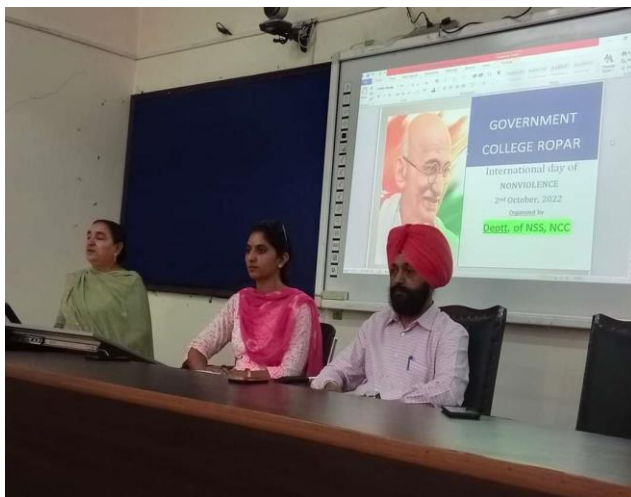

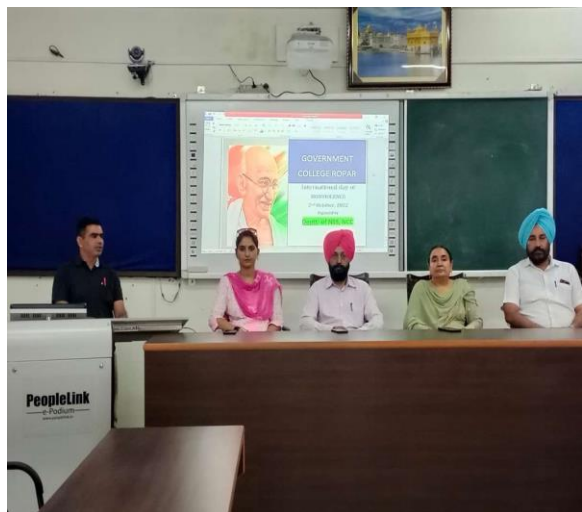

Prof. Manjinder Singh, a faculty member from the History Department, shared insightful information about the history and significance of World Ahimsa Day. He mentioned that 'World Ahimsa Day' is observed on October 2nd every year to commemorate the birth anniversary of Mahatma Gandhi, who was a prominent leader of the Indian independence movement and a pioneer of non-violence. The concept of Ahimsa, meaning non-violence or non-harming, has deep roots in Indian culture and philosophy.

He shed light on the historical context of non-violence and emphasized the impact of Mahatma Gandhi's teachings on global peace movements. Gandhi's philosophy of Ahimsa gained recognition and inspired numerous peace movements across the world. His principles of non-violence, truth, and civil disobedience continue to be relevant in promoting social harmony and resolving conflicts peacefully. His presentation provided valuable context to the audience, including students, cadets, and staff.

Jatinder Kumar efficiently managed the stage during the celebrations, ensuring smooth transitions between different segments of the event.

Professor Arvinder delivered a compelling speech, emphasizing the importance of imbibing values like truth, tolerance, and compassion from Mahatma Gandhi's life and principles. He stressed that following these values could lead to a more harmonious and peaceful society.

Dr. Harjas, the Vice Principal, and Ravneet Kaur, the NCC incharge, expressed their views on the occasion, encouraging students, cadets, and staff to embrace non-violence and foster an environment of peace within and around the college campus.

Celebration of Voluntary Blood Donation Day

Date: 1 October, 2022

Venue: Government College Ropar

On 1 October, 2022, Government College Ropar organized a successful celebration of Voluntary Blood Donation Day on its premises. The event aimed to encourage voluntary blood donation and raise awareness about its significance in saving lives.

Guidance Principal Jatinder Gill provided invaluable guidance and support throughout the event, emphasizing the importance of altruism and humanitarianism in contributing to the well-being of society.

The event witnessed an overwhelming response, with 67 donors coming forward to selflessly donate their blood. These donors were from various backgrounds, including students, faculty members, and staff, all united in the noble cause of giving the gift of life.

Several departments actively participated in the blood donation camp, contributing to its success. The National Service Scheme (NSS), National Cadet Corps (NCC), and Red Ribbon Club (RRC) played pivotal roles in organizing and coordinating the event, showcasing the spirit of unity and social responsibility within the college community.

Celebration of the 115th Birth Anniversary of Shaheed-E-Azam Sardar Bhagat Singh

Date: September 28, 2022

In collaboration with the Directorate of Education (C), Punjab, District Administration Rupnagar, and the Department of Community Service Scheme, Punjabi University Patiala, a special event was organized at Government College Rupnagar to commemorate the 115th birth anniversary of Shaheed-E-Azam Sardar Bhagat Singh. The event included a dedicated cycle rally, a seminar on Bhagat Singh's life and philosophy, and the screening of a documentary film.

The cycle rally, dedicated to the memory of Shaheed-E-Azam Sardar Bhagat Singh, witnessed enthusiastic participation from around 140 students and staff members of Government College Rupnagar. The rally was flagged off by Dr. Preeti Yadav, Deputy Commissioner, and commenced from Chownk Chowk, Rupnagar, concluding at the Maharaja Ranjit Singh Bagh on the Rupnagar Bypass.

The seminar on Shaheed Bhagat Singh's life and philosophy was inaugurated by Principal Dr. Jatinder Singh Gill, who lit a symbolic lamp and offered flowers to the portrait of Bhagat Singh. Addressing the students, he emphasized that the martyrs of the nation are the guiding lights who inspire us to dedicate ourselves to the service of the country. The main speaker of the seminar, Swaran Singh Bhangu, shared how Bhagat Singh's life can serve as a beacon to overcome present challenges and foster love for the country. Professor Manjinder Singh highlighted the importance of incorporating Bhagat Singh's philosophy into daily life.

An informative documentary film on the life of Shaheed Bhagat Singh was also presented under the guidance of Vice Principal Dr. Harjas Kaur. The film screening took place in various smart classrooms of the college campus. Additionally, a special thanks were extended to the Vice Principal, Dr. Harjit Singh, Dr. Dalvinder Singh (Program Officer, NSS), Professor Shaminder Kaur, the Red Ribbon Club, and the Youth Services Club, along with various faculty members and students who supported the event.

The program concluded with words of gratitude from Coordinator Dr. Nirmal Singh Brar and Dr. Jatinder Kumar, who directed the proceedings.

Students of Government College Ropar visit IIT Ropar for Technology Exposure and IPR Workshop

Date: June 27, 2022

A group of 50 students from Government College Rupnagar embarked on an educational field visit to Indian Institute of Technology (IIT), Ropar, on June 27, 2022. The visit was organized by the Innovation and Incubation Cell (IIC) in collaboration with the Internship Activity Committee.

The students were given a unique opportunity to explore various pre-incubation units and laboratories at IIT Ropar, providing them with exposure to cutting-edge technologies and innovative practices. They visited the Fab Lab, a state-of-the-art fabrication laboratory equipped with advanced machinery for hands-on learning and prototyping. Additionally, the Makers Space encouraged creativity and critical thinking through engaging in various creative projects.

The Design Centre showcased innovative design projects, inspiring the students with problem-solving approaches and creative solutions. The visit to the City MSME Clusters gave them a glimpse into the world of micro, small, and medium enterprises, fostering an understanding of the local entrepreneurial ecosystem.

One of the highlights of the visit was a workshop on Intellectual Property Rights (IPR), organized in collaboration with the Punjab State Council for Science and Technology. The workshop emphasized the significance of protecting and promoting innovations through patents, copyrights, and trademarks.

Rajeev Ahuja, Director of IIT Ropar, addressed the students during the IPR workshop, congratulating the winners of the subsequent Quiz competition. He encouraged the young minds to think innovatively and come up with groundbreaking ideas that can shape the future.

Professor Arvinder Kaur, Convener of the IIC, expressed her enthusiasm about the visit and its positive impact on the students' learning journey. Dr. Dalvinder Singh, Convener of the Internship Activity Committee, highlighted the importance of such field visits in fostering a culture of innovation among the students.

The field visit to IIT Ropar's pre-incubation units and the informative IPR workshop left a lasting impression on the students, inspiring them to pursue excellence in the field of technology and innovation.

The collaboration between Government College Rupnagar and IIT Ropar in organizing this visit holds promise in nurturing skilled professionals and contributing to the growth of the technology sector in the region.

Earth Day Celebration at Government College Ropar

Date: 22 April, 2022

Department: Botany and Zoology

On April 22, the students and staff of Government College Ropar came together to celebrate Earth Day, an event aimed at promoting environmental awareness and conservation. The event was organized under the guidance of Principal Gurpreet Kaur, with the active involvement of the Botany and Zoology Department. The coordination and supervision of the event were carried out by faculty members Shikha Chaudhary, Pooja Verma, and Surinder Singh.

The day was filled with various engaging activities that allowed the students to express their creativity and knowledge about environmental issues. The event started with a Poster Making competition, where the students showcased their artistic talents while creating posters with thought-provoking messages related to environmental protection.

Next, the college hosted a Poster Exhibition, where the students' artwork was displayed for everyone to admire and appreciate. This exhibition served as an excellent platform for spreading awareness about crucial environmental issues and inspiring others to take action.

Following the poster-related activities, an Essay Writing competition was held, allowing the students to express their thoughts, ideas, and concerns about environmental challenges and potential solutions. Through their essays, they demonstrated their understanding of the significance of Earth Day and its relevance in today's world.

The main highlight of the Earth Day celebration was the plantation of ornamental and fruit plants. More than just a symbolic gesture, this act underscored the commitment of the college to environmental sustainability. The students actively participated in this tree-planting initiative, with over 30 decorative and fruit-bearing plants being planted on the college premises.

One of the distinctive features of the event was that the entire function was dedicated to the students. They were encouraged to take ownership of the

celebration, making it a student-driven affair. The competitions were evaluated by the students themselves, fostering a sense of responsibility and leadership among them.

The Earth Day celebration served as an excellent platform for the students to not only showcase their talents but also to raise awareness about environmental issues that affect us all. It encouraged them to become active agents of change, promoting sustainable practices and responsible behavior towards nature.

The event concluded with a sense of achievement and fulfillment, as the college community collectively reaffirmed its commitment to environmental conservation. By engaging the students in these activities and providing them with a platform to express their ideas, Government College Ropar succeeded in fostering a deeper understanding and appreciation for the environment among its students.

Celebration of National Innovation Day

Date: 22nd January 2022

The celebration of National Innovation Day at Rupnagar was marked by an enlightening online session organized by the Innovation Activity Committee (IIC) and powered by the Innovation Hub. The session aimed to promote the spirit of innovation and entrepreneurship among the participants, with a focus on "Generating Funds for Startups and Pitching to VCs."

The session commenced on the designated date with an enthusiastic participation of individuals from various backgrounds, eager to learn and explore the world of entrepreneurship. The keynote speakers, Mr. Manoj, an esteemed HR Guru, entrepreneur, and motivational speaker, along with Mr. Prasad Menon, the esteemed CEO of CIBA and an incubation Guru, were present to share their valuable insights and experiences.

Mr. Manoj and Mr. Prasad Menon delivered compelling keynote speeches, shedding light on the fundamentals of generating funds for startups and approaching venture capitalists (VCs). Their extensive knowledge and practical wisdom provided the participants with a deeper understanding of the intricacies involved in seeking financial support for their entrepreneurial ventures.

The highlight of the event was the detailed question-and-answer session that followed the keynote speeches. Participants enthusiastically engaged with the speakers, seeking clarification on various aspects and challenges they might encounter in their entrepreneurial journeys. This interactive segment proved to be highly beneficial, as it not only addressed the concerns of the attendees but also fostered an environment of open dialogue and knowledge-sharing.

Mr. Saurav Sinha, an accomplished startup coach and entrepreneur, took on the role of the presiding officer for the session. His expert guidance and insightful ideas complemented the keynote speeches and enriched the overall experience for all participants. Mr. Sinha's practical approach and profound knowledge added great value to the session, inspiring the budding entrepreneurs to embrace innovation with confidence.

The online session witnessed a significant turnout of participants, with a large number joining through the Zoom app and live streaming on YouTube. Notably, the faculty members and students of Government College Ropar actively participated, demonstrating their keen interest in fostering a culture of innovation and entrepreneurship on campus.

The success of this event can be attributed to the concerted efforts of the Innovation Activity Committee at Government College, Ropar. Their dedication and meticulous planning ensured a seamless and impactful celebration of National Innovation Day.

In conclusion, the celebration of National Innovation Day at Ropar proved to be a resounding success, leaving a lasting impact on the participants. The insightful session, featuring prominent speakers, engaging discussions, and valuable knowledge-sharing, served as a catalyst to ignite the entrepreneurial spirit among the attendees. The event's emphasis on generating funds for startups and approaching VCs

Awareness Campaign On Stubble Burning

Date: 2nd November 2021

An awareness rally on the issue of Stubble Burning was organized by the NSS volunteers of Government College Ropar. The event was conducted under the guidance of Dr. Jaswinder Kaur, Director, Department of Education (K), Punjab, and Punjab University Patiala's Community Service Schemes Department, with support from Punjab Pollution Control Board, Patiala. The rally aimed to raise awareness among the general public about the harmful effects of burning crop residues.

Principal Dr. Jaswinder Kaur led the rally by flagging it off from the college campus. She urged the volunteers to reach out to the people in the villages of Mansurwal and Mansuha and sensitize them about the importance of preserving the environment. Program Officer Prof. Jatinder Singh Gill provided the volunteers with information about the alternative arrangements for managing crop residues without burning.

Under the leadership of NSS Program Officer Dr. Nirmal Singh Brar, Dr. Dalvinder Singh, Prof. Arvinder Kaur, and Prof. Shaminder Kaur, the NSS volunteers interacted with the people of the villages, displaying banners with various slogans and distributing pamphlets to raise awareness about environmental conservation. The team of NSS volunteers also had an interactive session with the students of Government Middle School, Mansuha Kalan, to make them aware of the ongoing environmental issues.

Deputy District Education Officer Sh. Charnjeet Singh Sodhi also encouraged the NSS volunteers and the school students to actively participate in the campaign against crop residue burning. On this occasion, School Incharge Malkit Kaur, Teacher Simarjeet Kaur, and Charnjeet Kaur, along with Panch Dhyan Singh, Numberdar Daljit Singh, and other villagers, were present.

The event, known as 'Prabhav Lecture Series-2,' was graced by the esteemed presence of President IIC, Dr. Harjas Kaur, along with Shri Pushpinder P Singh, the Associate Dean R&D and Project Director at the Technology and Innovation Foundation, IIT Ropar and Dr. Anita Gehlot, Associate Professor at the Lovely Professional University Jalandhar, who joined as chief guest.

Dr. Jaswinder Kaur, the College Principal, lauded the keynote speakers for engaging with the students of Government College Ropar expressing unwavering confidence in their wisdom paving the way for the students' bright future. Prof. Jatinder Singh Gill, the Vice Principal of the college, warmly welcomed the distinguished speakers and set the stage for the impactful sessions that followed.

In the first session, Mr. Pushpinder P. Singh illuminated the theme 'Converting Your Idea into a Prototype & Then a Start-Up.' His inspiring words motivated the students to explore uncharted territories of innovation and entrepreneurship. Stressing the importance of nurturing their ideas, he encouraged them to develop their critical thinking skills. Throughout the session, he thoughtfully addressed questions from both eager students and enthusiastic faculty members, fostering a dynamic and interactive learning environment.

The second session, led by Dr. Anita Gehlot, shed light on the topic 'Converting Your Ideas into Patents.' With utmost clarity, she emphasized the significance of viewing one's ideas as valuable intellectual property. Encouraging students to safeguard their innovative concepts, she underscored the importance of patenting to prevent any undue financial gain through theft.

Dr. Kulvir Kaur, Vice President of IIC, expressed heartfelt gratitude to Dr. Pushpinder P. Singh, Dr. Anita Gehlot, and extended appreciation to the dedicated faculty members and enthusiastic students for their wholehearted participation. The seamless moderation by Prof. Arvinder further enriched the experience, ensuring the smooth flow of knowledge and insights. Prof. Manpreet Singh and the entire

IIC Committee played a vital role in providing unwavering support, making the webinar a resounding success.

Plantation of Herbal Plants

Date: 11 September, 2021

On the 11th of September 2021, a plantation of herbal plants was carried out in the campus of Government College Ropar as part of a National Nutrition Week awareness campaign. The event was conducted under the theme "Balanced Diet from the Beginning," with the support of Mission Tandrust Punjab. Principal Dr. Jaswinder Kaur inaugurated the program and planted various herbal saplings in the herbal garden, with assistance from NSS volunteers and the Home Science Department.

During the program, Prof. Arvinder Kaur explained that the college aims to promote the cultivation of herbal plants and encourage the consumption of a balanced diet for a healthy lifestyle. Prof. Navneet Kaur shared that during the National Nutrition Week, students from the Home Science Department donated all the herbal plants for the herbal garden. The students actively participated in poster-making on the theme "Good Food, Good Nutrition" as part of the campaign.

In addition to the college staff and students, College Council Members Dr. Harjas Kaur, Dr. Kulvir Kaur, Dr. Sukhjinder Kaur, and Mission Tandrust Punjab Coordinator Prof. Harjeet Singh were also present, along with NSS Program Officer Dr. Nirmal Singh Brar, Dr. Dalvinder Singh, and Prof. Shaminder Kaur.

Plantation under the Green Punjab Mission

Date: 20 August, 2021

On August 20th, under the guidance of Principal Dr. Jaswinder Kaur, various departments of Government College, Ropar, planted different types of trees as part of the Green Punjab Mission. During this event, the Geography Association, NSS, Botany, Home Science, and other departments celebrated the Forest Month in July and contributed to the Green Punjab Mission by planting around 200 saplings in the college. Vice Principal Prof. Jatinder Singh Gill highlighted the requirement for the sustainability of the natural environment, while Prof. Shaminder Kaur, the head of the Geography Department, emphasized the importance of trees to the students.

Prof. Randeep Singh appealed to the students to plant saplings in their homes. Prof. Arvinder Kaur significantly contributed to fulfilling the mission by creating a kitchen garden. The Botany Department organized a tree planting event, involving students in planting medicinal and decorative plants at their homes. Prof. Pooja inspired students to participate.

On this occasion, Prof. Harjas Kaur, Prof. Nirmal Singh, Prof. Dalvinder Singh, and others, along with a large number of NSS volunteers, participated. The State Bank of India, Ropar branch, also planted saplings as part of the Green Punjab Mission on the college campus.

PANEL DISCUSSION AND AWARENESS CAMPAIGN FOR STUBBLE MANAGEMENT

DATE: 18 - 19 OCTOBER

On October 17-18, 2020, a discussion panel was held at Government College Ropar, led by N.S.S. volunteers, to address the management of stubble burning. The project was initiated under the guidance of Dr. Parmveer Singh, Coordinator of the Community Service Scheme at Punjabi University Patiala, with support from the Punjab Pollution Control Board, India Environment Foundation, and the Community Service Scheme Department. During the event, Dr. Jaswinder Kaur, the Principal of Government College Ropar, presented the project, highlighting the significant role played by N.S.S. volunteers in raising awareness about the harmful effects of stubble production, which is a pressing issue at present. Dr. Parmveer Singh expressed optimism about the project's potential to successfully curb stubble burning and improve soil fertility.

The project, managed by Punjab's Sri Ajay Malik, focuses on refining (biological composting) covering 350 acres of land in Ropar, Fatehgarh Sahib, and Patiala districts. Dr. Charnjeet Singh, a scientific officer at the Punjab Pollution Control Board, emphasized the project's success. Several villages in Rupnagar district, including Rasidpur, Bahirampur Bet, Bhalian, Bala, Bama, Salahpur, Khanpur, Mohan Majra, Sheikhupur, Fatehgarh Beera, Khokhar, Dalla, and Sultanpur Pind, were involved in the project.

Stubble burning, a common practice for quickly clearing agricultural fields after the harvest season, has several detrimental consequences. Firstly, it leads to severe air pollution due to the release of harmful pollutants and particulate matter, adversely affecting air quality and human health. The emissions contain hazardous substances like carbon monoxide, nitrogen oxides, and volatile organic compounds, contributing to respiratory problems and exacerbating existing health conditions.

Secondly, stubble burning results in the loss of essential nutrients from the soil. The process reduces organic matter and deprives the soil of valuable elements, impacting its fertility. This, in turn, hampers crop productivity and affects the long-term sustainability of agriculture.

Furthermore, stubble burning also poses risks of wildfires, which can cause widespread damage to crops, property, and wildlife.

To mitigate these consequences, initiatives like the one discussed at Government College Ropar are crucial. The project's emphasis on refining (biological composting) offers a sustainable alternative to stubble burning, as it enriches the soil and reduces harmful emissions. By raising awareness and involving the community, the project aims to promote responsible agricultural practices and combat the challenges posed by stubble burning effectively.

The participation of Program Officer Prof. Jatinder Singh Gill, Dr. Nirmal Singh Brar, Dr. Dalvinder Singh, Prof. Arvinder Kaur, Prof. Shaminder Kaur, and 20 N.S.S. volunteers in the event demonstrates the commitment of various stakeholders in finding viable solutions to address the issue. By engaging with officials, farmers, and concerned individuals, the project intends to bring about positive change and foster a sustainable agricultural ecosystem in the region.

COVID-19 Awareness Program (Ghar Ghar Sampark) by Government

College Ropar under Mission Fateh

Date: 4 July, 2020

In response to the ongoing COVID-19 pandemic, the Punjab Government launched Mission Fateh to combat the spread of the virus and raise awareness about preventive measures. Government College Ropar took an active role in this mission by organizing a comprehensive COVID-19 awareness program in the nearby villages and cities. Students and faculty members joined hands to disseminate crucial information about the virus, its transmission, preventive measures, and the importance of community cooperation in tackling the pandemic.

The primary objective of the COVID-19 awareness program was to educate and empower local communities with essential knowledge about the virus. By visiting nearby villages and cities, the college aimed to spread awareness about COVID-19 and equip people with the necessary tools to protect themselves and their communities.

Prior to conducting the awareness program, students and faculty members of Government College Ropar underwent training on COVID-19 facts, preventive measures, and effective communication techniques. They were equipped with accurate and up-to-date information from reliable sources such as the World Health Organization (WHO) and the Indian Ministry of Health.

The awareness program was designed as a combination of door-to-door visits and community gatherings. The college team divided themselves into smaller groups and visited various localities in nearby villages and cities to engage with residents.

During the visits, the college team shared vital information about COVID-19, including its symptoms, mode of transmission, preventive measures such as hand hygiene, wearing masks, and maintaining social distancing. They emphasized the importance of getting vaccinated to protect oneself and the community.

To address any misconceptions or myths related to COVID-19, the team also conducted interactive sessions to dispel misinformation and encourage evidence-based practices.

Alongside verbal communication, the team distributed educational materials such as pamphlets, posters, and flyers with key information about COVID-19 and preventive measures. These materials were designed in a reader-friendly format and in the local language to ensure better understanding.

The team also offered opportunities for the community members to ask questions and seek clarifications related to COVID-19. They provided counseling and support to those who required assistance.

The COVID-19 awareness program by Government College Ropar under Mission Fateh proved to be highly beneficial in disseminating vital information about the pandemic to nearby communities. The proactive efforts of students and faculty members helped raise awareness, dispel myths, and encourage preventive measures. By promoting community cooperation and responsibility, the program aimed to strengthen the collective fight against COVID-19.

The impact of the program was measured through the increased awareness among the local population and the adoption of preventive practices in daily life. The college remains committed to continuing such initiatives to support the government's efforts in combating the pandemic and fostering a safer and healthier community.

Spreading Awareness Amidst Adversity: Government College Ropar's Endeavors During COVID-19

Date: May 4, 2020

In the challenging times of the COVID-19 pandemic, the faculty and students of Government College Ropar have come together to make a difference. By crafting handmade masks and engaging in various activities, the dedicated volunteers from NSS (National Service Scheme), NCC (National Cadet Corps), and EBSB (Ek Bharat Shreshtha Bharat) are actively spreading awareness about the coronavirus and promoting preventive measures. Their sincere efforts reflect their commitment to fighting the current situation and supporting their community.

The scarcity of personal protective equipment during the COVID-19 pandemic has prompted the volunteers from Government College Ropar to take matters into their own hands. By making handmade masks, they are ensuring that their community members have access to a crucial preventive measure against the virus. The masks are crafted with care and attention to detail, adhering to the recommended guidelines for effectiveness.

Simultaneously, these dedicated volunteers are undertaking an extensive awareness campaign. Understanding the significance of staying indoors during these trying times, they have harnessed their creativity to develop engaging initiatives. Through online platforms, social media, and other digital channels, they are disseminating information about the coronavirus, its symptoms, preventive measures, and the importance of social distancing.

Collaborative Efforts of NSS, NCC, and EBSB Volunteers:

The joint efforts of NSS, NCC, and EBSB volunteers at Government College Ropar exemplify unity and solidarity. In these unprecedented times, they are working together as a cohesive force to combat the pandemic. Their collective efforts demonstrate the strength of teamwork and the power of coming together for a common cause.

By leveraging their diverse skill sets and talents, the volunteers are creating innovative awareness campaigns. This collaboration has resulted in a multi-faceted

approach, reaching a broader section of society and maximizing the impact of their initiatives.

The selfless endeavors of the faculty and students from Government College Ropar are making a significant impact on society. Through their awareness campaigns, they are empowering people with the knowledge necessary to protect themselves and their loved ones from COVID-19. By distributing handmade masks, they are ensuring that essential protective gear is accessible to those in need, especially in areas where commercial masks may be scarce or expensive.

Moreover, the volunteers are inspiring others to take similar initiatives and contribute to the fight against the pandemic. Their dedication and commitment serve as role models, encouraging more individuals and organizations to step forward and play their part in combating the coronavirus.

In the face of adversity, the faculty and students of Government College Ropar have shown remarkable resilience and determination. By spreading awareness and making handmade masks, they have displayed their commitment to their community's well-being during the COVID-19 pandemic. Their collaborative efforts through NSS, NCC, and EBSB demonstrate the power of unity and the strength that comes from standing together in challenging times.

Their ongoing initiatives are not only raising awareness about the coronavirus but also inspiring others to take similar actions. As we navigate through this global health crisis, the collective efforts of individuals and organizations like those at Government College Ropar continue to play a crucial role in safeguarding communities and working towards a healthier, safer world for all.

Date: March 8, 2019

Under the esteemed guidance of Principal Government College Ropar, a one-day seminar and blood donation camp were organized on the occasion of World Women's Day. The event aimed to celebrate the achievements and progress of women while emphasizing the noble act of blood donation as a gesture of kindness and compassion.

The seminar and blood donation camp took place with great enthusiasm on March 8, 2019. The college premises were adorned with colorful decorations, symbolizing the spirit of empowerment and unity among all participants.

The event's chief guest, Chetan Agarwal, advisor of the Old Students Association, graced the occasion and inspired the volunteers to partake in the blood donation drive. He emphasized that donating blood is one of the noblest acts of kindness, as it can save lives and serve as a powerful gesture of support to those in need. His words motivated the attendees, instilling a sense of responsibility and empathy towards the community.

Prof. Seema, the convener of the Women's Cell, took the stage to shed light on the history of Women's Day and the progress and achievements made by women in various spheres. She highlighted the contributions of women in society, emphasizing the importance of gender equality and women's empowerment. Her insightful speech provided valuable insights into the struggles and triumphs of women throughout history, inspiring everyone present to work towards a more inclusive and equitable society.

The blood donation camp witnessed an overwhelming response from approximately 50 volunteers who selflessly stepped forward to contribute to this humanitarian cause. The act of donating blood exemplified the spirit of solidarity and compassion among the participants, who collectively aimed to make a positive impact on the lives of others.

The blood donors were felicitated by the chief guest, Chetan Agarwal, and the Principal of Government College Ropar. Their selfless contribution was acknowledged and appreciated, further encouraging others to participate in such benevolent initiatives in the future.

The success of the event would not have been possible without the support and dedication of various individuals and organizations. The Helping Hands team, comprising Prof. B. S. Satyal, Jatinder Gill, Prof. Arvinder Kaur, Dalvinder Singh, and all college staff, played a pivotal role in organizing and managing the event smoothly. Their commitment and hard work ensured that the seminar and blood donation camp were carried out seamlessly, leaving a positive impact on all participants.

In conclusion, the one-day seminar and blood donation camp on World Women's Day proved to be an inspiring and meaningful event. The collective efforts of the organizers, volunteers, and participants demonstrated the power of unity and compassion in making a positive change in society. The event celebrated the achievements of women and promoted the noble act of blood donation, fostering a sense of social responsibility and empathy among the attendees. It serves as a reminder of the importance of empowering women and coming together to support noble causes, contributing to the betterment of the community at large.
